

SANTA FE TRAIN HITS OPEN SWITCH

Two Killed in Wreck Near Fresno

Fresno—Two persons were killed and several were more or less injured when Santa Fe passenger train No. 22, east-bound, plunged into an open switch a few miles west of Bakersfield.

A statement was issued from the office of the division superintendent in Fresno that the wreck was caused by deliberate tampering with the switch. The statement said an investigation showed that the switch target had shown a clear track, but that the switch itself had been broken open and lined for a spur track.

The dead are: Engineer William S. Runyon of Stockton; Mail Clerk Charles H. Male of San Francisco.

Louis G. Spaulding, another mail clerk; Joe Waugh of Riverbank, fireman, and a train newsboy were seriously injured, while several passengers and the conductor, W. N. Bowyer, were badly shaken up, according to advices at the local Santa Fe office.

Special trains were immediately sent out from Fresno and Bakersfield. Engineer Runyon was married.

The mail car telescoped into the engine and the mail clerk was scalded to death by steam from the engine.

Of the six coaches only two Pullmans were left standing on the track.

\$5,000 Reward for Train Wrecker

So familiar with railways was the person who cut the switch rod, the railroad detectives say, that the switch and block signals both showed a clear track to the engineer of the wrecked train.

I. L. Hibbard, general manager of the Atchafalaya, Topeka and Santa Fe Railway Company, telephoned the local and valley agents to post notices of a reward of \$5,000 offered for the apprehension of the perpetrators of the crime.

HUNTER KILLS GAME WARDEN

Three Shots Slay Official of Gun Club

Bakersfield—In a fight on the preserves of a fashionable gun club near here, Thomas Kenshaw, warden of the gun club, was shot dead by George Burton, formerly a policeman in this city and now a wealthy business man. Burton then drove into Bakersfield and surrendered himself at the office of Sheriff D. B. Newell.

Burton declared that he was leaving the club's preserves in his automobile after a duck hunt. He said that Kenshaw approached his machine and demanded that Burton submit himself and car to a search. Burton objected to the search and an altercation followed.

Burton says that Kenshaw threatened him and struck him. He says that he then drew his pistol and fired three shots, all of which took effect. Kenshaw fell dead and Burton came in to surrender.

Deputy sheriffs were sent out to the gun club immediately for investigation. They brought in the body of Kenshaw, who was 45 years old.

Both men were well known in this city and each had a host of friends.

CORONER'S VERDICT SUICIDE

Murder May Have Been Element in Grass Valley Tragedy

Grass Valley—A verdict allowing for homicide and suicide, but taking into account certain mysterious circumstances in the case, was returned by a coroner's jury in an inquest into the deaths of Cary Rector, an inventor, and his young sons, Cary, Jr., and Raymond, in an apartment house fire here. The verdict said that positive evidence of violence was lacking, due to the condition of the bodies after the fire.

There is evidence, according to the authorities, that Rector may have killed his sons and himself, while in a fit of depression over the failure of one of his inventions.

SUICIDE CLEARS MYSTERY

Los Angeles—The mystery surrounding the case of Mary Volpe, 19-year-old bride of a month, who was shot and wounded in the street near her home has been solved.

Joe Volpe, her husband, who was with her and who disappeared as she fell with a bullet wound in her head, was found dead in a hotel on Hollywood Boulevard.

Volpe committed suicide some time during the night after the shooting. Until her husband's body was found, the girl, whose honeymoon ended in the tragedy, tried to protect him.

VISALIA ROAD DETOURS

Visalia—By reason of the closing of the Visalia-Exeter highway during construction of four concrete bridges on the Visalia-Three Rivers road, detours have been announced for probably the next six weeks, according to County Surveyor Laurence A. Moye. Traffic between Visalia and Exeter will be via the old Farmersville dirt road, while travel to Lindsay will be over the Visalia-Tulare-Lindsay highway.

CHRIST A. MELETIS

Christ A. Meletis of Pittsburgh, Pa., who served in France with the Twenty-eighth division, and was wounded six times, was awarded the French Croix de Guerre and officially cited for exemplary bravery under fire. He has returned the cross and citation to President Millerand of France because of the stand France has taken in aid of the Turks. Meletis says the wounds he suffered while in France were nothing compared to the wounds he felt when he learned that France had been aiding the Turkish forces in their recent advances.

COUNTERFEIT NOTE OPERATORS CAUGHT

Biggest Fraud Plan in U. S. Banking History

New York—Secret service agents arrested John Popovich of Los Angeles, who, they said, carried a bag containing counterfeit English bank notes calling for \$100,000. He was held for arraignment Monday.

Arrested in Los Angeles after banks had exchanged \$6000 of counterfeit notes, Popovich was released because of lack of evidence.

Later, when the counterfeiting plant was found, an order for Popovich's rearrest was issued.

Captain Thomas B. Foster of the United States Secret Service, Los Angeles, announced that with a confession from Ivan Glavonovic of Los Angeles, he had unearthed the greatest foreign note counterfeiting scheme ever perpetrated in this country.

A third member of the alleged note-swindling conspiracy is under arrest in Los Angeles. He is Oscar Simon, said to be a commercial photographer in this city.

The three are purported to have manufactured spurious Bank of England notes, totaling more than \$250,000, in denominations of forty and 100 pounds, sterling, most of which were found in Los Angeles.

Glavonovic, who is specifically accused of having defrauded banks here and in Oakland of about \$6000 in one day, two weeks ago, was arrested when he was about to board a train for Los Angeles. Popovich, who was with him, fled and escaped. Popovich later came to Los Angeles, according to Captain Foster, took from under a flour bin in their rendezvous a quantity of the spurious notes aggregating \$250,000, and then fled East.

Glavonovic is a maker of surgical instruments. Popovich is said to be an engraver, and Simon is an expert photographer.

The trio's mode of operation, according to Foster, was to exchange the worthless notes in banks for United States currency.

COMPLIANCE WITH TREATIES

Japan's Naval Force Reduced 9000 Men

Tokyo—As a result of treaties signed a year ago in Washington, 1000 officers and 8000 sailors have retired from the Japanese navy. In addition, thirty-six admirals and 292 officers of lesser rank were placed on the waiting list. Fourteen admirals and thirty other officers were placed on half pay.

Released but two weeks ago after serving a three year term in San Quentin for burglary, Charles H. Leonard is again behind the bars in Oakland, facing another possible prison sentence on a similar charge.

After a passage of ninety-six days from Manila, in which they were many times becalmed and once forced to heave to in a typhoon, the full-rigged ship *Monongahela* has arrived in Oakland. She carried a cargo of 2700 tons of copra.

A movement is under way to get a Federal building for Redlands.

Huntington Park Elks have decided on a new home to cost at least \$100,000.

A horticultural inspection station will be established near Barstow in the near future.

Construction on Monrovia's new \$600,000 tourist hotel, the Cliff Dwellers' Inn, is to be started soon.

Work of preparing the permanent site of the National Orange Show grounds at San Bernardino is progressing steadily.

Mrs. Isaac Regua, one of California's most noted pioneers, mother of Mark L. Regua, died at the Regua home in Oakland. She was 83 years old.

Immense stores of water in underground channels have been found by well drillers on the Vineyards of Delano tract at Delano, according to reports received.

Two million dollars will be expended on a water system which will be constructed to supply land near Victorville, in the Mojave Desert, with water from Lake Arrowhead.

Two acres of land, adjoining the eastern city limits of Visalia, have been purchased by Tulare County Supervisors for district three for use of road crews and storage purposes.

The governor has appointed Sheriff William L. Traeger of Los Angeles as a member of the state bureau of criminal identification and investigation, to succeed former Sheriff John C. Cline.

Fifteen occupants of an auditor in the Oakland City Hall had narrow escapes from injury when the car dropped from the ninth floor to the basement, hitting the elevator bumper with terrific force.

Governor Stephens has announced the appointment of Fred L. Martin, Sacramento banker, as a member of the board of managers of the Napa State Hospital, to succeed G. M. Francis of Napa, who resigned.

The Interstate Commerce Commission has fixed a tentative value of \$609,270 for the property of the Nevada County Narrow Gauge Railroad in California, which corporation has security issues with a par value of \$668,000.

Jerry Dalton, 25, a murderer, who escaped the North Carolina electric chair by cutting his way from jail, was captured at San Diego. The sheriff's office has been notified that officers are on their way from Franklin, N. C., to take Dalton there.

The largest office building in the West in point of floor space, will be tenanted when two departments of the Standard Oil Company of California move into the company's new, and as yet uncompleted, twenty-two story \$4,000,000 office building in San Francisco.

The body of J. V. Estes, who was one of two men who drove off the M street bridge at Sacramento several weeks ago while the draw was open to permit a steamer to pass, was recovered last week by Japanese fishermen below Sacramento. The body of Estes' companion has not been found.

Investigation of the murder of Policeman John F. McCarthy, of the Oakland Police Department, who was found dying in the rear of a soft drink place and alleged dope resort, conducted by James Williams, a negro, convinced the police that he was shot by one of three negro assailants, all of whom escaped.

Mrs. Ruby Reinecker of Willows, who pleaded guilty to being an accomplice in the attempted robbery of a garage at Orland some time ago, was given a suspended sentence of five years in San Quentin in the Superior Court. George Reinecker, the husband, is now serving a term in prison on the same charge.

H. K. Powers, excavation contractor of Los Angeles, had three and a half cases of dynamite, in sticks, in his automobile, officers said, when he was arrested at Santa Monica for speeding at thirty-seven miles an hour, for having no tail light on his machine and because his brakes were working so poorly he could not stop his car in less than three hundred feet.

Completion of the plotting of Ames Park, a townsite located four miles east of Covina, four miles south of Glendora and 25 miles southeast of Los Angeles is announced by a group of civil engineers and surveyors. The area of the tract is 153 acres. It is designed to include sites for homes, factories and business houses. Gas, electricity and mountain water are to be placed on the tract.

MURPHY WINS SPEED RACE

World Records Are Broken in L. A. Auto Race

Los Angeles—Jimmy Murphy won the 250-mile championship automobile race held at the Beverly Hills speedway, completing 200 laps of the one and a quarter mile oval in 2 hours, 10 minutes and 53.10 seconds. Earl Cooper took second place and Harry Hartz finished third.

Murphy's average time for the distance was 114.6 miles an hour, or 3.4 miles faster than the record he set on a one and a quarter mile oval at San Francisco last year, when he completed 250 miles at an average speed of 111.2 miles an hour.

Murphy won by less than a car length, with three other drivers within twenty feet of him at the finish.

Harry Hartz cheated death, but was himself cheated out of second place, when, in a desperate effort to nose ahead of Cooper in the final sweep past the stand, his car skidded, spun around and crashed into the wall along the grandstand, bouncing back on to the course and across the line just behind Cooper.

Bennett Hill took fourth place, Tommy Milton fifth and Art Klein sixth.

SAILORS LOSE LIVES

Houghton, Mich.—Eleven men, members of the crew of the Canadian steamer *Maplehurst*, lost their lives when the vessel went ashore at the upper, or canal, entrance to the Keeweenaw waterway.

Tulare is to have a new postoffice building.

Richmond has voted \$150,000 bonds for parks and playgrounds.

Large crowds attended the California State Poultry and Pigeon show at Oakland.

Construction is to be started at once upon a twenty-five ton motor-drive ice factory for Monrovia.

Tentative plans are being discussed for a \$175,000 ice plant to be used by the grape growers of the Etiwanda and Cucamonga districts.

Plans are being considered for the creation of an assessment district at Van Nuys for the purpose of obtaining funds for drainage protection.

Dr. Charles L. Good, supervisor in charge of the San Diego County Farm, reports that the institution is building up a very attractive herd of Holstein cattle.

Lee Starke, colored, and Blossom Watson, a white woman, were killed as the result of an automobile turning over on the Union Island road 12 miles from Stockton.

A movement is on foot to induce the United States Department of Agriculture to locate an experimental station in Imperial Valley for the promotion of date culture.

Members of the Agricultural Extension Service are engaged in a survey of all dairy herds in San Bernardino county, with E. J. Campbell, assistant farm adviser, in charge.

Plans for a group of buildings to be erected for Allan Pinkerton in Riverside have been prepared. The structures will cost \$50,000 and will be used for stables and clubhouses.

Eight houses burning simultaneously in Berkeley swamped the fire-fighting facilities of the college city and compelled the fire department to seek the aid of several hundred U. C. students.

Industrial deals involving an aggregate expenditure for site and buildings of approximately \$1,000,000 were announced recently by a Los Angeles realtor and specialist in industrial and commercial realty.

Mrs. Helen E. D. Henrich of San Diego, wealthy apartment house owner, committed suicide, according to the police, who broke into her apartment and found the body of the woman with a revolver lying beside it.

Sixteen-month-old John Noll of San Francisco, was burned when a celluloid comb with which he was playing exploded when brought in contact with a stove. The infant was treated for burns about the scalp and face.

What really men believe to be the largest sum ever received for California unimproved land was paid last week in a deal which involved fifteen acres of citrus land in La Habra Heights near Los Angeles. The consideration was \$22,500 cash.

As Judge J. A. Dunham adjourned the township court in his home in Anderson, last week, he stepped into the kitchen to speak to his wife. As he did so, Mrs. Dunham dropped to the floor and expired without a word. The couple celebrated their Golden Wedding in October of last year.

Forty days without food is the record of a cow belonging to Supervisor George A. Hoag of Corning. Forty days after she disappeared in October she was discovered in a cement pit ten feet deep on the John Saldubene place. She had been reduced to skin and bones, but does not otherwise appear to have suffered.

LIBRARY BOOSTERS

GIVE TOTAL OF \$8,800

CLUB HEARS INTER- ESTING PROGRAM

The year's subject, "Women in History" is proving of great interest to the Country Womans Club and each meeting vies with the preceding one as new phases of women's activities are discussed.

The topic for Monday's discussion was "Women Essayists and Philosophers" with readings.

Mrs. Warren Shelly, as chairman, read a paper defining the two types of writing and naming some of the writers. Mrs. Leigh Saunders, substituting for Mrs. Geo. Robson, read a crisp keen essay from Katherine Fullerton Gerald, "Modes and Morals," the author shows how heroes of fiction have changed as well as heroes in life. No longer does the hero attract by his plumage.

Mrs. L. L. Miracle followed with one of Ida M. Tarbell's essays, "That's Her Business," selected from the volume "The Ways of Women." The article briefly demonstrates how woman's training in the home fits her to take up any duty that presents itself, to rise to meet any crisis, and take up the next thing at hand—"That's Her Business."

Mrs. Shelly took as her part of the program, the philosophers. She dwelt briefly on Kate Douglas Wiggin's contributions, with reference to "Mrs. Wiggs of the Cabbage Patch," as an example of everyday philosophy of life.

She read several paragraphs from Myrtle Reed's "Happy Women" and the names of the women so called by that writer, and a little from "A Spinner in the Sun," by the same author.

A beautiful type of the philosophy of getting the most out of life was shown by experts from "Letters from a Prairie Garden" by Edna Worthy Underwood.

She concluded with the life of Madame De Staël, that wonderful woman of whom it is said "her talents in conversation were perhaps the most remarkable of any person that ever lived," who was also an author of note.

Members of the Country Woman's Club will note that the next meeting is on December 18, at the home of Mrs. R. H. Hyde. It is a musicale program and so could not be held in the library, but is not one of the regular social afternoons.

The chief item of business at the Home and School Club meeting Tuesday was discussion of plans for the bazaar Saturday and the Christmas entertainment for the Campbell Union Grammar School.

The bazaar which will provide funds for the tree will open at 1:30 in the I. O. O. F. dining hall. There will be booths for candy, fancy work, aprons, a white elephant booth and fish pond and tea, coffee and cake will be served.

In the evening there will be a short program at 7:30 and the sales continued.

The Christmas tree and entertainment will be held in the corridors and court if the weather is at all permissible and a committee was appointed to make arrangements. Mrs. Stray, chairman. Mrs. Baldwin, Mrs. Johnson, Mrs. Schuyler, Mrs. Roll and Mrs. Maxon.

Another important matter planned for was the paper drive which the grammar school students will carry on for a donation to the Library Fund. Help the kiddies by saving your papers and sacrificing copies of magazines, any except the Blue or Red Books.

The workers on the Library Fund have been suspending activities somewhat and cannot do very active campaigning until after the holidays. Pledges are still being turned in and will be reported later. To Wednesday night the pledges actually in hand amounted to \$8818.50.

If you know of anyone who has not subscribed and with whom you feel that you have any influence, kindly help out the solicitors by appointing yourself a committee of one to get that pledge.

In order to carry out the building as planned there must be the full ten thousand in the subscribed fund and more can be used to good purpose.

CAMPBELL HI NEW GYM

Work has already been started on a new gymnasium for the Campbell Union High School. It will occupy the site of the present basket ball courts, and will be 66 ft. by 110 ft. and 20 ft. high. One room 30 ft. by 66 ft. will later be fitted up with lockers, showers and other equipment, while the gym room itself will be 66 ft. by 80 ft. with hardwood floor.

The exterior will be rustic, with crushed brick roof.

There was some plan at one time of converting the grammar school auditorium into a gymnasium, but investigation proved it the better part of wisdom and more economical to leave that as it is and put up a building especially designed for the purpose.

GRAMMAR SCHOOL NOTES

This is "National Education Week." As Saturday is "Physical Education Day," the upper grades of all schools are to write letters to some other schools on different topics all pertaining to Physical Education.

Monday our boys second basketball team played the Cambrian boys first team and defeated them 13-3. Mr. Allen refereed.

Tuesday both boys' and girls' first teams played Willow Glen teams. The boys score being 9-4 in Campbell's favor. Mr. Allen acted as referee. The girls' score was 4-6 in Willow Glen's favor. Geraldine Delbon, of the High School, was referee.

The line-up of our teams is as follows, boys—Oscar Downs, Bennie Bennie, Everett Davis, Sidney McAbee, and Paul Frank. The girls—Cynthia Morris, Helen Ferro, Martha Carlson, Inez and Anna Frank, Mildred Reddle, Charlena Breeding, Mary Simas and Azala Lang.

At the Home and School Club meeting held Tuesday afternoon Mrs. George Miller, of Quito Road, who has previously had experience with Camp Fire Girls, kindly offered her services in organizing groups here. The work will begin the first of the year.

E. H. M.

TOBACCO

Tobacco is a brown plant, it was used by the Indians before the white men knew of its use. Walter Raleigh introduced it into Europe first, little did he dream of the bad results that were to follow.

To begin with the use of tobacco is very expensive. It costs our nation many million dollars a year, besides the awful loss by fire. Sickness from the use of tobacco also costs a great deal of money.

Tobacco is a filthy habit and causes people much discomfort, as in a street car or a crowd of any kind a lot of boys and men smoking makes it very uncomfortable for women and any respectable person. The bad fumes and smoke makes the air so that it is hardly breathable. And when a man chews tobacco and spits on the sidewalk it is disgusting to see. It makes a person's thumb and fingers get a nasty yellow stain on them.

A cigarette or cigar stub thrown into a waste basket, or carelessly thrown aside could start a fire which would cost many thousands of dollars and some lives or injuries.

Cigarettes have an ill effect on a person's heart, brain, and physical strength. Smoking brings down the average boy's standing at school, or in any shooting at targets it makes his hand unsteady so that he can't shoot straight.

Some boys think it is manly to smoke and strut about with a cigarette in their mouth. If some of them heard the remarks said about them they might change their ideas. It teaches a boy to be sneaky, as he sneaks around to avoid being seen. A boy gets into bad company through them, as somebody offers him a cigarette and then it gets worse and worse. Then he plays cards and goes to the pool hall, where no decent person goes.

Thousands of acres of good land is wasted by planting tobacco, it is not good for anything else when tobacco has been planted in it as it uses all the plant food. Tobacco needs the very best of land, which would grow fine vegetables.

In the cigarette factory 62% of the workers are tubercular. The average life of these workers is 38 years 10 months. There is a lot of child labor in these factories. The air is stifling and is enough to make anybody sick. Twice as much is spent for tobacco as for schools.

Judge Baker of Louisville Criminal court says, "Of all the juvenile criminals tried in my court not one of them for years has been free from the stain of cigarettes. Of all the lunatics tried in my court more than half of them smoke, and that is a sign of the cause."

Save tobacco money for better things.

REGINAL WESTON

Remember December 18th is Library Benefit night at the Orchard City Theatre.

Harry Hansen, 40, an automobile tire salesman, shot and killed his wife, Daisy Dean Hansen, at the home of her father, Garrett Wall in San Jose and then shot and killed himself after having failed to induce the woman to withdraw a divorce complaint. The final decree was to have been granted in a few months.

Books and Seeds-Free

A. M. Free writes that the latest edition of the Year Book of the Department of Agriculture, for 1921, is now available for distribution. The book is somewhat changed in that very thorough studies of some of the major agricultural crops have been substituted for the articles of the magazine type. Mr. Free will be glad to send this book to interested persons writing him for it. He will also have seeds, vegetable and flower, for distribution after Dec. 15, to those asking him for them. Address Congressman A. M. Free, Washington, D. C.

SCHOOL BOND ELECTION

Whereas, in the judgment of the Board of Trustees of Cambrian School District, in the County of Santa Clara, State of California, it is advisable to call an election and submit to the electors of said District, as one proposal, whether bonds of such District to the amount of Forty-five hundred Dollars, to bear interest at the rate of five per cent per annum, payable semi-annually, and to run not exceeding nine years, shall be issued and sold for the purpose of raising money for purchasing a school lot and for supplying the school building with necessary apparatus.

Now, Therefore, it is hereby ordered—
First—That such election be and the same is hereby called to be held on the 30th day of December, 1922, from eight o'clock a. m. until six o'clock p. m. of said day, at the Public School House in said Cambrian School District.

Second—That the following named persons be and they are hereby appointed Inspector and Judges to conduct the said election, viz: Mrs. Emily Duncan, Inspector, and Ermina Woodbury and Marie Barnes, Judges.

Third—That such election be called by posting notices, signed by this Board, in three of the most public places in the District for not less than twenty days before the election; and that such notice be published in the Campbell Press, a newspaper printed and published in said Santa Clara County, not less than once a week for three successive weeks prior to the date of holding such election.

Fourth—That such notice shall be as follows, to-wit:

NOTICE

School Bond Election Notice.
Notice is hereby given to the electors of Cambrian School District, in the County of Santa Clara, and State of California, that, in accordance with the provisions of the Political Code of the State of California, as set forth in Section 1880 to 1888 inclusive, of said Code an election will be held on the 30th day of December, A. D. 1922, at the Public School House in said Cambrian School District, at which time will be submitted to the electors of said District, as one proposal, the question of issuing the bonds of said District and selling the same, for the purpose of raising money for purchasing a school lot and for supplying the school building with necessary apparatus.

The polls will be opened and the election held at the school house in said Cambrian School District, on the 30th day of December 1922, and the polls will be open from eight o'clock a. m. until six o'clock p. m. of said day.

Mrs. Emily Duncan will act as Inspector and Ermina Woodbury and Marie Barnes will act as Judges of said election to conduct the same.

The amount of bonds to be issued is Forty-five hundred dollars, of the denomination of five hundred dollars each, and to bear interest at the rate of five per cent per annum, payable semi-annually.

Said bonds are to be numbered consecutively 1 to 9, inclusive, and are to run mature and be payable as follows, to-wit:

Bond number 1, one year from date of issuance; bond number 2, two years from date of issuance, and so on, one of said bonds in the order of their numbers, maturing and being payable each year until all are paid, the last one of said bonds maturing and being payable nine years from date of issuance. Said election will be held in conformity with the provisions of the Political Code of California governing such elections.

Dated December 6, 1922.

MRS. L. SHELLEY,
W. FINNEMORE,
F. O. BOHNETT.

Board of Trustees of Cambrian School District.

NOTICE TO CREDITORS

Estate of H. E. Griffin, Deceased.

Notice is hereby given by the undersigned Executrix of the last Will and Testament of H. E. Griffin, deceased, to the creditors of and all persons having claims against the said decedent, to file them, with the necessary vouchers, in the office of the Clerk of the Superior Court in and for Santa Clara County, California, within four (4) months after the first publication of this Notice, or within said period to exhibit the same, with the necessary vouchers, to the said Executrix at the office of Bohnett, Hill & Campbell, Rooms 311-314 Bank of San Jose Building, in the City of San Jose, County of Santa Clara, State of California, where all business connected with said estate will be transacted.

San Jose, Cal., this 15th day of November, A. D. 1922.

FRANCES A. GRIFFIN,
Executrix of the last Will and Testament of H. E. GRIFFIN, Deceased.

BOHNETT, HILL, & CAMPBELL,
Attorneys for said Executrix.

Victory Bonds, A to F, Inclusive

EXPIRE DECEMBER 15

Holders of expiring Victory Bonds A to F inclusive, are taking advantage of our service for making the collection on the bonds. They are availing themselves of our service of advice, also, in the problem of reinvestment.

Are you one of the large number who have already made use of these free services? If not, and if you hold Victory Bonds bearing identification letters A, B, C, D, E or F, we shall be glad to help. Satisfy yourself by examining the letters in the right hand corner of the bonds that yours actually do expire December 15, and then bring them to us for the work of collection. As to reinvestment, there is nothing safer than our Savings Department.

WAR SAVINGS STAMPS OF SERIES 1918-23

MATURE JANUARY 1, 1923

Holders of these War Saving Stamps are also offered our free services of collection. But do not wait until January 1. Bring the stamps now and get immediate credit for them in a savings account.

HOME AGAIN

Your money that you patriotically invested in Government securities to help win the war, has doubtless been on a long journey and seen many strange adventures. Those dollars trained American soldiers and sent ships, armies and guns across the sea to serve the right in the greatest fight in history. Now those dollars come home again. They begin developing our own community—in business, in farming, in numberless ways—if you reinvest them here. That is the part of our Savings Department, to set your funds at work in ways of usefulness that earn an income for you.

Patronize Our Pastry

Mrs. Briscoe's tri-weekly service keeps our pastry stock fresh and attractive. Here is a dependable supply of delicious pastry for those who don't bake at home, and an opportunity for change and pleasing novelty for those who do.

A few advances in prices are noted, but they are very slight.

Cut cakes, sold by the slice:

Mocha	.15
Chocolate	.15
Devil's Food	.15
Angel Food	.15
Marble Angel Food	.15
Apple Sauce Cake	.15
Old-fashioned Fruit Cake	.50
English Fruit Cake	.50

Cakes sold uncut:

Dainty Iced Cakes	.25
Filled Wreaths	.25
Marshmallow Puffs	.06
Butter Horns	.05
Fingers 2 for	.15
Layer Cakes, medium	.35
Layer Cakes, large	.50

Remember the dry goods items advertised last week:

Especially: Yard-wide Flannelette, to sell at .30
Yard-wide Percal, the heavy weight, .30
Devonshire Cloth, 32 inches wide, .35

Join the company of those who find delight in the bi-weekly service of Campfire Sliced Bacon and Campfire Sausages. Don't forget that Campfire days are Tuesdays and Fridays. To avoid disappointment, order in advance. Though you may be disappointed if you don't get the goods, you'll never be disappointed if you do—they'll be perfectly and appetizingly fresh.

The Bacon, sliced, not an atom of waste, .70
The Sausages, in one-pound packages, .30

Town Tales Tersely Told

What better use can you make of your money than to give it to the Library Fund?

L. A. Gard and family spent the Thanksgiving holidays at Prather, with Melvin Shell.

Dec. 18 is Library Night at the Orchard City Theatre. See a good play and help the fund.

W. T. Morton is having another small bungalow built on his lots on the south side of East Campbell Ave.

Mr. and Mrs. E. R. Kennedy went to Oakland and San Francisco the first of the week for a few days of business and pleasure.

Mrs. C. Michelborough will leave next week for Detroit, Mich., to spend the winter with her parents, Mr. and Mrs. D. Redden.

Harriet and Nick Dunphy came down for Thanksgiving bringing friends from San Francisco to enjoy the hospitality of the R. E. Dunphy home.

See "The Old Homestead", Dec. 18. A play for young and old. Net proceeds will swell the Library Fund.

Mr. and Mrs. E. E. Sower had as their guests for Thanksgiving H. B. Ziegler and wife of Los Angeles. The gentleman is a brother of Mrs. Sower.

Mrs. Spencer Crump of Llag Beach came home for Thanksgiving and will remain until after Christmas with her parents, Mr. and Mrs. J. W. Person.

Mrs. C. C. Byrnes who submitted to a serious operation recently is again at her home on South First Street and is convalescing as well as could be expected.

We are glad to note that Mrs. C. H. Whitman, who has been quite seriously ill, was able to be up for a time yesterday and enjoy a little festivity, it being her birthday.

The work of remodeling the I. O. O. F. Hall into a store building is progressing rapidly, shelving and fixtures are being installed and Mr. Davey hopes to take possession this month.

Mrs. Frank Stull came up from Lost Hills Saturday and will visit with her mother, Mrs. C. H. Whitman for a time. Mr. Stull has been transferred to Santa Fe Springs and they will live at Whittier if a house is obtainable.

Campbell Grammar School and Home and School Club will hold a paper drive soon for the Library Fund. Undoubtedly there are still papers and magazines in homes in the school districts of these unions. Save all your papers. They'll help erect a new library.

Adah Rebekah Lodge held a basket social in the hall Tuesday evening from which they realized a considerable sum for their robe fund. The stormy evening doubtless contributed to a smaller gathering than was anticipated so that the proceeds were less than was expected.

Tuesday, Dec. 12, is the time for the monthly meeting of the High School P. T. A. On this occasion the Freshman Class will be guests of the Club and an interesting program is being prepared. All mothers of high school students are urged to attend, and particularly those with children in this class.

According to ruling, with a change of principalship who comes from an outside County, the Campbell Union Grammar School was taken from the accredited list when Principal E. J. Cuthbertson was appointed. We are pleased to report that conditions are quite satisfactory and the school has been reinstated on the accredited list.

Miss Dora Mallory who is a student at Stanford spent Thanksgiving at Campbell with relatives, Mr. and Mrs. C. E. Case. In February Miss Mallory will go to New York with three other students, the four of them having been chosen to represent the University at a conference known as the Students Volunteer of the United States.

Y. M. C. A. BOYS HOLD CONFERENCE

One of the greatest and most successful conferences for older boys was held this past week-end at Oakland where close to five hundred boys from the High Schools of Northern California met together to consider important problems facing the youth of today. Many were the challenges that were hurled at the youths by the speakers at banquet tables and from the platform and right manfully did the boys respond to the challenge for a cleaner and more wholesome atmosphere in school life and a greater respect for girlhood.

The Santa Clara Y. M. C. A. was well represented at the gathering with nineteen fellows from various Hi-Y Clubs and schools who, with County Secretary H. V. Lucas, returned from the three day conference determined more than ever to do their little part in making high school life more worth while. "Doc" Rutherford, a specialist on the evils of cigarette smoking, gave the lads something to think about for years to come. Harry Rimmer, Will H. Chandler, Dr. Jas. A. Francis, and J. B. Nash, Oakland Superintendent of Recreation, were the main speakers of the conference.

The local boys who attended the conference were Vernon Stryker and Gerald Mason.

The local boys who attended the conference were Robert Vincent, Willard Farr and John Duncan.

ARTHUR FREE HAS A MINOR OPERATION

Congressman A. M. Free, who has made a remarkable recovery from his disastrous automobile accident, is never-the-less still suffering from minor difficulties. When Mr. Free was thrown from the car small portions of metal and crushed rock became imbedded deep in the flesh of the jaw. At the time the doctors dared not probe into the jaw for these particles, but they have proved so irritating that the jaw has been opened to remove them. The third of these operations was performed last week, but Mr. Free has not let them hinder his work. Except for scars on the forehead and chin and the bandage on his jaw, our representative appears to be in his usually good health.

To Tour World

Mrs. E. I. Price will sail on the Venezuela from San Francisco via the Panama Canal for New York, visiting points en route. In company with Mrs. Andrew Aitken, former resident of Campbell, she will leave New York on the steamer Samaria, Jan. 24th for a trip around the world. The route is thru the Mediterranean to the Orient visiting India and other great countries of Asia.

Make up a party for Monday December 18th to see "The Old Homestead" and help the Library Fund grow.

A. G. Noftz, manager of the Orchard City Theatre, has rented the Tibbits place on Hamilton Avenue and will bring his family here when possible.

Sidney Dent of Sunnyvale Ave. is mourning the loss of his mother, who passed away last week. Sometime later Mr. Dent will have the remains taken to Arlington Cemetery where her husband lies.

The Zion family enjoyed a reunion Saturday, when Mr. and Mrs. Ed Zion came over from the valley. Will Zion and family of Cutbank, Mont., arrived recently and will remain for some time, hoping to benefit Mr. Zion's health.

HOME PAPER

No paper can be published without home patronage, and every man is interested in keeping up a home paper. If a railroad or a factory is wanted, the newspaper is expected to work for it. If a public meeting is wanted for any purpose, the newspaper is called upon for a free notice. If any of the societies have a reception or supper of any kind, the newspaper is expected to give the necessary notice. The newspaper must puff the schools and everything else to advance the interests of the business men of the place, and then give them a handsome notice when they pass away. And yet some of them do nothing to keep a home paper.

FEAR NOT

Fear not! Fear not!
There really is no cause;
Beat down the craven thoughts,
And sternly bid them pause.

Although the path seems dark,
And clouds dim sunshine's ray,
Have faith! The sun still shines;
The clouds will pass away.

Does not the Teacher say
"For the morrow take no thought?"
If we but rightly pray
We shall not lack for aught.

STATE CALIFORNIA AUTOMOBILE ASSOCIATION MAKES TRAFFIC SURVEY

With the organization of its Public
Safety Department, headed by Percy
E. Towne, Chairman, the California
State Automobile Association has
made a survey of traffic conditions in
both San Francisco and Alameda
Counties, showing 1121 persons killed
from July 1, 1914, to July 1, 1922.
Statistics gathered by the Association
show that 649 of the 1121 persons
killed were pedestrians struck by
motor vehicles, 57.9% of the total
fatalities of these two counties. Over
one half of the pedestrians killed by
motor vehicles were children ten years
of age or under and elderly people of
over 60 years of age.

Second to the pedestrian fatalities
the survey shows 217 persons, or 19.4%
of the total, met death in accidents in-
volving only one motor vehicle. In
collision with street cars or steam
trains 124 persons, 11% of the total
fatalities, met death and in San Fran-
cisco county 43 or 6.5%.

The combined average of the two
counties show that 12.0% of the motor
vehicle fatalities are caused by trucks,
82.3% by automobiles and 5.7% by
motorcycles. In Alameda county in
1920 there were 352 trucks registered
to every death caused by a truck
while there were 753 automobiles
registered to every death caused by
an automobile. In San Francisco
county during 1920 there was one
death by truck to every 306 registered
and one death by automobile to
every 631 registered. This relative
ratio holds in the following years also
and shows that there is twice the li-
ability of death from trucks as there
is from automobiles considering the
number of each registered.

The combined average of the two
counties shows 16.6% of the total
fatalities were children under 13
years of age, 64.2% were persons be-
tween 13 years and 60 years, and
19.2% persons over 60 years of age.

From the survey it appears that no
one locality in these two counties has
had an exceptionally large number of
accidents. Accidents have been con-
sistently scattered over the entire ter-
ritory with the greater number occur-
ing in the more congested districts.

"The survey", said Chairman
Towne yesterday, "shows that 57.9%
of motor vehicle fatalities are pedes-
trians struck by motor vehicles.
19.4% occur to single motor vehicles
and 11.0 are collisions between motor
vehicles and street cars or steam trains.
"The work of the Public Safety
Department is now being confined ex-
clusively to San Francisco. With the
organization of the two hundred citi-
zens perfected and operating effec-
tively it is our purpose to extend this ac-
tivity to Oakland, Sacramento, Fresno,
Stockton, San Jose and elsewhere
where traffic conditions warrant."

"The San Francisco Committee is
making from 100 to 200 reports per
day and the responses to the letters of
warning sent out by the Depart-
ment indicate hearty co-operation on
the part of the public."

GERMANS EATING DOGS

Dogs are keeping under cover in
Germany these days lest the butcher
gets them. High prices of meats have
driven the Germans to eating dogs.
Official figures show that 3,041 dogs
have been killed and passed upon for
human consumption in the last three
months according to a report from
Berlin.

FISH HAVE NO SENSE OF HEARING

Many fish are capable of producing
sounds, some by the scraping of fins or
other organs, some by means of the
teeth, and some by means of gas emit-
ted from the air-bladder. But no fish
can hear; it may feel the vibration set
up by sound.

The annual meeting of the Califor-
nia Raisin Festival Association has
been set for January 18, at Fresno, it
was announced by President Al C.
Joy. The body annually sponsors the
Raisin day celebration on April 30.

Mrs. Mary A. Cadernatori, the first
white child to be born in Shasta coun-
ty, died at Weaverville last week.
She was born in the old town of
Shasta in 1854. Her whole life had
been spent in Shasta and Trinity coun-
ties.

FLASHLIGHTS

A golf champion's term of of-
fice is always brief.

About all the boastful man
gets for his conceit is ridicule.

No man can know everything,
but every man can know enough
to mind his own business.

It's all right to grin and bear
it, but our notion of a real man
is one who will bear his troubles
without grinning.

FIRST AID "DON'TS"

Don't tie a bandage knot over the
wound.

Don't fail to raise the head in skull
injuries.

Don't fail to lower the head when
the face is pale.

Don't put your fingers or handker-
chief on a wound.

Don't put on a bandage too tight. Ask
the patient how he feels.

Don't fail to learn the correct meth-
od of artificial respiration.

Don't forget that it may take two
hours of steady work to resuscitate
asphyxia cases.

Don't delay in waiting for help in
resuscitating a drowned person or one
overcome by electric shock.

Don't think that because you know
a little about first aid you are a skilled
surgeon.—Associated Automotive Jour-
nal.

THE NATION'S BUSINESS

Of the \$32,000,000 expended for a
first-class battleship, \$21,000,000 is for
machinery.

In the United States more than 155-
000,000 telegraphic messages are trans-
mitted each year.

It is estimated that two-thirds of
the retail buying in the United States
is done by women.

The average college student pays
\$365 annually for education secured
in the United States.

An average American town uses for
all purposes from fifty to 150 gallons
of water a day for each inhabitant.

GIFTS OUT OF THE ORDINARY

Frying-Pan for Queen Victoria—Man
Gives Wife Five Pounds to
Buy Washstand.

THE king of Siam used to
send Queen Victoria a very
curious gift every Christ-
mas. It may have been
want of imagination, or he
may have heard that the frying-pan
was the curse of the English cook, and
thought they must want constantly
renewing. Whatever the reason, her
majesty received a silver frying-pan
as regularly as Christmas came round.
Thomas Carlyle once forgot to
buy a Christmas gift for his wife.
There is nothing unique about this.
Other men have done the same. Nor
is there anything particularly generous
in the way he made up for his neglect
to remember the day. He wrote the
following letter:

"The prophecy of a washstand to
the nearest of all women. Blessings
on her bonnie face, and be it ever
blissome as it is dear, blithe or not."
—T. Carlyle. December 25, 1850."
The great man did really give his
wife five pounds with which to buy
the promised washstand, at which he,
no doubt, washed quite as often as
she did. But that's a man all over.

UNDER THE MISTLETOE SPRIG

Punishment Meted Out by Oxford-
shire Maids to Men Who Refused
to Obey Commands.

IN SOME places in Oxford-
shire, every maid-servant
had the privilege and fre-
quently exercised it, of ask-
ing a man for ivy to de-
corate the house. If the man assented,
well and good; but if he refused
the maid stole a pair of his breeches.
The next day they could be seen nailed
to the gate of the highway. But a
worse punishment than this was some-
times meted out to him; he was de-
prived of the privilege of the mistle-
toe.

The first maid to pass under this
evergreen on Christmas day was sure
to be married within the year, and
equally sure of being kissed—for that
was the penalty, if it can be called
such, to be paid by any maid who
passed under it. After each offense a
berry was plucked, while the privilege
was supposed to end with the last
berry.

The Riverbend Gas and Water Com-
pany is constructing a new and larger
tank to supplement the old one, sup-
plying the towns of Dinuba, Reedley,
Parlier and Kingsburg and intervening
country. The capacity of the new
tank is 100,000 cubic feet, and cost of
construction with installation of new
boilers and boosters will be about
\$50,000.

GETTING SOMETHING FOR NOTHING

At a Sunday school picnic two boys
had lemonade stands—one on either
side of the entrance. The pastor came
along, and going up to George, said,
"Well, my little man, how much do
you charge for your lemonade?"
"Five cents a glass," replied
George.

"And how much do you charge?"
he asked turning to Harry, who ran
the competing stand.

"Two cents a glass," replied Harry.
The pastor cast a censorious eye up-
on George and said to Harry, "I'll
try a glass of yours, my boy."

As he quaffed the fluid, he smacked
his lips and said, "That's good. I'll
have another glass," and he smiled
when he thought that he was getting
two glasses at less than George asked
for one.

"Tell me, my little man," he said to
Harry, "How can you afford to sell
your lemonade for two cents a glass
when George is asking five cents?"
"Well, you see," said Harry,
"George and me's partners, but the cat
fell in my pail, so we thought we'd
better sell it first."
